

(Virtual) School Trip!

Why not visit an aquarium (from the comfort of your own home – ONLINE) to discover more about life under the sea? There are lots of free virtual tours online but here is one to get you started! Scroll down to 'Zoos and Aquariums' section – click here!

Fun underwater fact!

THE OCTOPUS HAS THREE HEARTS. TWO HEARTS PUMP BLOOD THROUGH THE GILLS; THE THIRD, THROUGH THE REST OF THE BODY.

Mrs Thomas' raffle ticket challenge: Can you write down 3 words that rhyme with 'frog'?

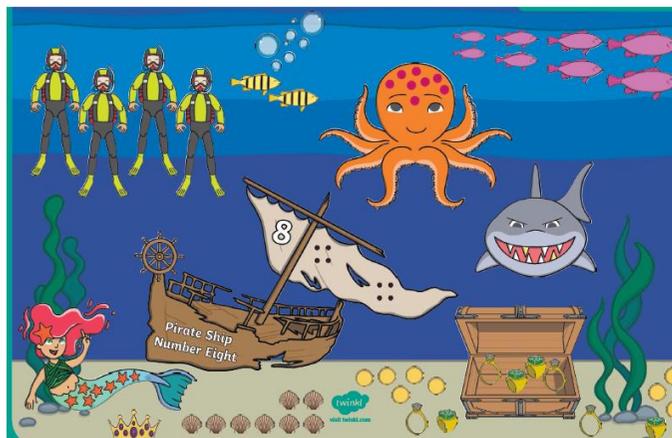

Maths

Sing the doubles song

<https://www.youtube.com/watch?v=8jOzhiACB68>

Or for something different...

<https://www.youtube.com/watch?v=4U2QLjqripY>

Draw an under the sea scene of your own including:

double the number of divers

half the number of fish

2 more mermaids

5 less shells

Replace the number on the flag with the total number of rings plus the number of seaweed strands.

Subtract 3 shark's teeth.

Super challenge: IT games to practise doubles, halves and number bonds to 10 use 'Hit the Button'

Literacy

'10 Reasons to Love a Turtle'

Use the pictures of the book pages on Tapestry or listen to the text here. <https://www.youtube.com/watch?v=nZefwQEU8Vc>

After each page, talk about what you have found out about turtles. At the end of the book, share some of the facts that you found most interesting. Present these facts about 'Turtles' using a method of your choice eg: Fact file, information poster, video etc.

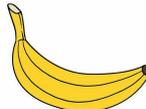

Phonics

Today we're going to focus on our alphabet! First, get a piece of paper and write down as much of the alphabet as you can. Now listen to this song and write down any letters you forgot!

<https://www.youtube.com/watch?v=5PmB3SIjNdQ>

Next your job is to write down something you can think of that begins with each letter of the alphabet – if you were watching the video carefully you might have seen some clues on there! 😊 You could draw a picture for some of them if you prefer!

a - ant

b - 

c - carrot
