

## Daring Dragonflies and Curious Caterpillars Half Term Overview

We have had such a fantastic start to the year and are so excited to learn together. The children have settled in so quickly and have fully embraced their new classrooms and outside area. The children will be recapping phase 3 sounds with Tricky Troll and the Phonics Fairy! In English we will be firstly be looking at the book called *Stardust* by Jeanne Willis and Briony May Smith. In maths we will be focusing on number formation, subitising and number bonds to 5.

From Miss Crawford and Miss Betts.

### Reminders

- Children need to bring in a fully charged iPad day as well as their reading book and reading record **every day**.
- Please ensure that your child's iPad has storage space left to enable children to photograph their work. To do this they need to delete any unwanted photos.
- It is important to close down any tabs they are not using on safari. To do this you can press the 'x' button on the top left of each tab.
- Children's clothes need to be labelled to ensure that nothing goes missing.
- Please also label children's water bottles.
- Now that children are in Year 1, it is now their responsibility to change their reading book once finished. Please remember to remind your child on the way to school if they need to change their book.

### PE: Wednesday

Children need to wear PE kit on a Wednesday.

### *Reading is a passport to countless adventures*

The single most important thing you can do to support your children this year is to read with them every day.

Learning to read is such an important gift and we need your support to do that.
