

Remote Learning: Parent Feedback

It is always very smooth and very effective process. All teachers are highly professional and always make sure that all kids are engaged into the class. Teachers are patient when questions/technical issues arise and sometimes talk to child slowly/ explain and repeat if needed. Classes are very informative and run very, very smoothly.

I think the lessons are so fun and I love the effort and energy you put in. I wish I had some of that!!!

We are so grateful for the excellent provision over lockdown. It's incredible the effort being made by the teachers and TAs with continued delivery of the full curriculum especially continuing the different maths groups. I've also received very quick and detailed responses to concerns I've had. It must be very difficult now dealing with all the parents as well as the kids!

The children at your school are incredibly lucky. I cannot praise this school enough, it really is very special!

I appreciate how hard it must be in these circumstances and yet you all still seem to be delivering the best online learning. Keeping the kids engaged and involved. I have friends with children at other schools in Bristol and they're not having the same positive experience that we are. Marksbury road Oasis academy should be the gold standard for all schools! Please don't ever change 😊

I feel it is all working so well wouldn't change anything as I felt its working great.

Amazing set up. The teachers are amazing and we thank you all for all your time, effort and input to ensure our children's education is not interrupted during this pandemic.

Just a BIG thank you for the amazing online programmes you are offering to our children.

I have no words to express my gratitude to her teaching skills and expertise. Thank you ever so much, this is such a challenging time for everyone and we would not be able to make it through without you.

Online learning is so much better than just doing sheets. The children are more engaged and it's not a challenge to get them to do work.

 ■ Strongly disagree

The amount of work/tasks set suits my child.

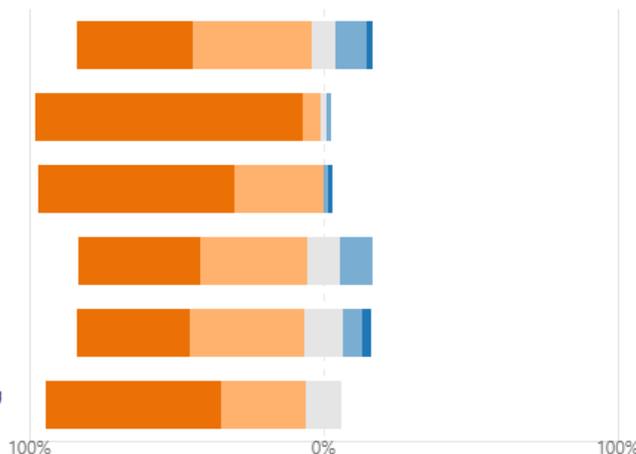

The 'live' teacher sessions are a positive addition.

I know how to contact the academy if I need help.

I know how well my child is doing.

My child has a positive opinion of him or herself as a learner.

It is useful to be able to access the live lesson teaching at a convenient time if we can't make the live delivery.

You said... we did...

"Having some non-academic time on-line with teachers and friends would be really nice if this is possible, just to chat and be silly"

Many classes are TEAMing in for golden time and chatting with classes

"Add more creative, move your body in live lessons, music, singing, art, mindfulness"

Music coming next term and optional creative enrichment offer

"More tasks"

Enrichment offer of additional tasks sent out
